

GLOBAL LAW ALLIANCE

We Think Globally

Within a few hours of China in the East and India to the West, Singapore is a strategic geographic hub for the region and the world's gateway to Asia. Beyond its convenient location, Singapore is a nation firmly rooted in the principles of multi-culturalism, the rule of law and one of the best places in the world for conducting business.

There is more to the country than its world class infrastructure, award winning airport and low crime rates. Singapore's multi-cultural, multi-lingual population provides the country with a unique cultural sensitivity that is difficult to find in other countries anywhere in the world. It is this ability to apply international standards to local customs that makes both Singapore and Global Law Alliance LLC exceptional.

As the world becomes a smaller place, cross-border transactions are increasingly the norm. Yet, Asia is not a homogeneous geography but a collection of diverse countries, each with their own culture, legal system and business practices. Clients no longer need isolated legal advice but a business partner with the legal knowledge, business acumen and cultural sensitivity to guide them through an increasingly complex landscape. Global Law Alliance is uniquely positioned to provide high quality service to clients as a trusted business partner.

OUR PHILOSOPHY

OUR PEOPLE

We Think Globally

OUR SENIOR DIRECTORS

Sharmila Gunasingham

Managing Director

Sharmila Gunasingham is a corporate lawyer involved in international practice. A daughter of a distinguished diplomat, Sharmila Gunasingham, a Singaporean by birth and nationality, was raised in the Western capitals of the world, including Washington D.C. and Bonn. Sharmila schooled in the UK and attended London University, working with a London law firm before returning to Singapore, where she made her home.

Admitted as a Solicitor of the Supreme Court of England and Wales in April 1981 and as an Advocate and Solicitor in Singapore in November 1981, she immediately began work with a large established law firm in Singapore. In a span of just four years, she became a corporate partner in a leading law firm.

After a decade, she was invited to co-found a new corporate law firm by a very senior and reputed Singapore corporate lawyer. The new firm became a highly rated corporate law firm during Sharmila's tenure as its Managing Director and she spearheaded the firm's Formal Law Alliance with Herbert Smith, a "magic circle" London law firm with international offices. Also during this time, Sharmila was appointed the Singapore representative of the leading Canadian law firm Stikeman Elliott.

In 2006, Sharmila founded her own firm, Global Law Alliance LLC, a Singapore law corporation. She set about extending her firm's capabilities and network beyond Singapore's borders to make GLA a global law firm. Global Law Alliance has alliances across the region and global clients based in Asia, Europe, the USA, the Middle East and beyond. Sharmila's vision of the future of Singapore's post liberalization legal services industry led her in 2020 to forge a connection with Addleshaw Goddard, an international law firm headquartered in London, working alongside its offices in Singapore and elsewhere, such as Oman.

Sharmila's own experience as a corporate lawyer has expanded well beyond Singapore's borders during her many years of practice. Her areas of practice include Corporate Law, Corporate Finance, Financial Services, Mergers & Acquisitions and Cross Border Transactions. She acts for financial institutions including multinationals and major corporations across the globe.

Active in the funds management industry, Sharmila was elected as the President of the Financial Planning Association of Singapore, a 5000 member body of financial institutions. She also served as elected Vice Chairperson of the Pacific Rim Advisory Council (PRAC), an international network of 21 major law firms in the Pacific Rim region and Chairperson of the Indo-Pacific Legal Advisory Network.

She has been a founding member of the Middle East Expert Panel, an appointment conferred by the Singapore Government's trade arm, International Enterprise, Singapore. Sharmila has been a key speaker at conferences sponsored by prestigious institutions including the American Bar Association, Pacific Rim Seminars, the Asian Financial Planning Journal and International Enterprise, Singapore.

In February 2008, Sharmila was interviewed by the 'Straits Times' (Singapore's leading English newspaper) and 'Lianhe Wanbao' (Singapore's Chinese language newspaper). In the highly publicized in-depth major interview, her views were sought on a number of issues including political leadership and ideology. Sharmila is today increasingly being sought after as a speaker by distinguished forums.

Sharmila has consistently devoted her time and effort to an array of charitable and pro bono causes to help disadvantaged members of society. She is a performing artiste in classical Indian dance and thereby balances the yin and yang in her life.
